SUPER SHIELD SERIES SOLUTIONS.

The heavy duty conveyor equipment is the key part for production, the solutions provided by Hongxin® pay more attention to product’s long service life and easy maintenance. Minimize the downtime and increase output.

STEEL WIRE CONVEYOR BELT, CONVEYOR BELT REPAIR SYSTEM

01. DCCD® Drive Pulley
02. Non Driving Pulley
03. Bend Pulley
04. Counterweight Pulley (Longer service life in heavy duty equipment conditions)
05. DCCD® Slide Lagging (Makes the drive pulley and non drive pulley more secure, fast & quick maintenance and Min. downtime)
06. DCCD® Ceramic Lagging (Makes the drive pulley and non drive pulley service life longer, reduce the damages to the pulley surface due to the bulk materials)
07. DCCD® Pulley Lagging (Bend pulley, counterweight pulley)
08. HONGXIN® Metal Roller (Lower running cost)
09. DCCD® UHMWPE Roller (Longer service life in humid environment)
10. DCCD® Ceramic Primary Belt Cleaner (Longer service life)
11. DCCD® Secondary Heavy Duty Belt Cleaner (Running more stable in heavy duty equipment)
12. DCCD® Alloy Belt Cleaner (More cleaner for cleaning bulk material on conveyor belt surface, prolong service life)
13. DCCD® Conveyor Impact Bed (Best impact resistant and wear resistant)
14. DCCD® Y Rubber Skirt (Best impact resistant and wear resistant)
15. HONGXIN® Guide Chute Dust Guard
16. HONGXIN® Guide Chute Ceramic Liner (For stones and other bulk materials, best impact resistant)
17. HONGXIN® Conveyor Belt
JOURNEY SERIES SOLUTIONS.

HONGXIN® Focus on solving belt slipping problem for large slope conveyor equipment.

STEEL WIRE CONVEYOR BELT, CONVEYOR BELT, CONVEYOR BELT REPAIR SYSTEM

01. HONGXIN® Drive Pulley, 02. Non Driving Pulley, 03. Bend Pulley, 04. Counterweight Pulley
05. HONGXIN® Slide Lagging (Best belt anti-slip performance for drive pulley and non-drive pulley, fast & quick maintenance and Min. downtime).
06. HONGXIN® Ceramic Lagging (Makes the drive pulley and non-drive pulley service life longer, increase the belt anti-slip performance by the friction of ceramic tiles)
07. HONGXIN® Pulley Lagging (Bend pulley, counterweight pulley); 08. HONGXIN® Metal Roller (Lower running cost)
09. HONGXIN® Primary Belt Cleaner (Lower running cost)
10. HONGXIN® Secondary Heavy Duty Belt Cleaner (Lower running cost)
11. HONGXIN® Brush Cleaner (More cleaner for cleaning bulk material on conveyor belt surface, prolong service life)
12. HONGXIN® Conveyor Impact Bed
13. HONGXIN® Y Rubber Skirt 14. HONGXIN® Guide Chute Dust Guard
15. HONGXIN® Guide Chute Ceramic Liner (For stones and other bulk materials, best impact resistant)
16. HONGXIN® Conveyor Belt
ALL ONE SERIES SOLUTIONS.

The flame retardant and anti-static for all system products is the most basic security. Meanwhile, for underground moist and dust, we pay more attention to the quality and stability of the products.

STEEL WIRE CONVEYOR BELT, CONVEYOR BELT, CONVEYOR BELT REPAIR SYSTEM

01. HONGXIN® Drive Pulley, 02. HONGXIN® Non Driving Pulley
03. HONGXIN® Bend Pulley, 04. HONGXIN® Counterweight Pulley
05. HONGXIN® Ceramic Lagging (Meet the replacement cycle of 5 years in underground)
06. HONGXIN® Slide Lagging (Fast & quick maintenance, reduce downtime)
07. HONGXIN® Pulley Lagging (Bend pulley, counterweight pulley)
08. DCCD® UHMWPE Roller (For moist and dust conditions in underground, longer service life)
09. DCCD® Primary Ceramic Belt Cleaner (Longer running service life)
10. DCCD® Secondary Heavy Duty Belt Cleaner (Running more stable in heavy duty equipment)
11. DCCD® Alloy Belt Cleaner (More cleaner for cleaning bulk material on conveyor belt surface, prolong service life)
12. HONGXIN® Conveyor Impact Bed
13. HONGXIN® Y Rubber Skirt
14. HONGXIN® Guide Chute Dust Guard
15. HONGXIN® Guide Chute Ceramic Liner (For stones and other bulk materials, best impact resistant)
16. HONGXIN® Conveyor Belt
SIBERIA SERIES SOLUTIONS.

Our R&D have developed a special rubber compound for cold weather, which have solved brittle problem caused by low temperature.

DCCD® LOW TEMPERATURE RESISTANT STEEL WIRE CONVEYOR BELT, CONVEYOR BELT, CONVEYOR BELT REPAIR SYSTEM.

01. HONGXIN® Drive Pulley, 02. Non Driving Pulley, 03. Bend Pulley, 04. Counterweight Pulley; ( Lower running cost )
05. HONGXIN® Low Temperature Resistant Slide Lagging ( Makes the drive pulley and non drive pulley more secure in low temperature, fast & quick maintenance, reduce downtime )
06. HONGXIN® Metal Roller ( Lower running cost ) 07. DCCD® UHMWPE Roller ( Longer service life in moist conditions )
08. HONGXIN® Primary Belt Cleaner ( Lower running cost )
09. HONGXIN® Secondary Belt Cleaner ( Lower running cost )
10. HONGXIN® Brush Belt Cleaner ( More cleaner for cleaning bulk material on conveyor belt surface, prolong service life)
11. HONGXIN® Low Temperature Resistant Conveyor Impact Bed ( Best impact resistant and wear resistant )
12. DCCD® Low Temperature Resistant Y Rubber Skirt ( Best impact resistant and wear resistant )
13. HONGXIN® Guide Chute Dust Guard
14. HONGXIN® Guide Chute Ceramic Liner ( For stones and other bulk materials, best impact resistant)
15. HONGXIN® Conveyor Belt
FULL PROTECTION SERIES SOLUTIONS.

Our R&D have developed a special rubber compound in order to adapt to acid & alkali environment, and have improved the anti acid & alkali performance by replacing normal metal material.

Tel: +86-371-63213598

DCCD® LOW TEMPERATURE RESISTANT STEEL WIRE CONVEYOR BELT, CONVEYOR BELT, CONVEYOR BELT REPAIR SYSTEM.

01. DCCD® Drive Pulley, 02. Non Driving Pulley, 03. Bend Pulley, 04. Counterweight Pulley; (Best rust protection performance)
05. DCCD® Hot Vulcanization Ceramic Lagging (Special rubber compound for acid & alkali resistant, protect pulley from corrosion)
06. DCCD® UHMWPE Roller (Best corrosion resistant, protect the belt from damaging due to the corrosion of the roller surface)
07. HONGXIN® Primary Belt Cleaner (Alloy blade, Lower running cost)
08. HONGXIN® Secondary Belt Cleaner
09. HONGXIN® Brush Belt Cleaner (More cleaner for cleaning bulk material on conveyor belt surface, prolong service life)
10. HONGXIN® Conveyor Impact Bed (Special rubber compound for corrosion resistant)
11. HONGXIN® Y Rubber Skirt (Special rubber compound for corrosion resistant)
12. HONGXIN® Guide Chute Dust Guard (Special rubber compound for corrosion resistant)
13. HONGXIN® Guide Chute Ceramic Liner (For stones and other bulk materials will have the best impact resistant feature)
14. HONGXIN® Conveyor Belt
